		Organic	-	-	-	-

Notes: “-” values indicate insufficient observations for reporting. Ground pork only includes unseasoned products. **Type** indicates production type, where N/O = non-organic. **Unit** refers to the unit of sale. **Wt. Avg. Price (\$)** is calculated by weighing each price by its sales volume across all participating farms that sold the product. **Min. Price (\$)** and **Max. Price (\$)** show the observed price range. **Sales Vol.** refers to total units sold during the month.
